

1

THE RISE OF ELECTRIC VEHICLES CHALLENGES & OPPORTUNITIES

June 2018

OUTCOMES:

- Markets are likely to fail in the absence of a governance framework
- Lack of coordination between actors will put the UK at economic risk
- A system integrated approach to charging infrastructure is essential

2

BUILDING AN INDUSTRY-WIDE ELECTRIC VEHICLE GOVERNANCE FRAMEWORK (EVGF)

September 2018

OUTCOMES:

- Consensus on EV governance framework draft and mandate to develop further
- Develop industry wide consultation to gather input from a wider audience to deliver an evidence and consensus driven governance framework

3

GETTING IT RIGHT. AN INDUSTRY-WIDE CONSULTATION FOR THE DEVELOPMENT OF THE ELECTRIC VEHICLE GOVERNANCE FRAMEWORK (EVGF)

November 2018

OUTCOMES:

- Finalise consultation document with stakeholder feedback
- Consultation launch preparation

4

GEMSERV EV CONSULTATION

January 2019
